To Whom It may Concern:

Subject: Rouse Resources Inc.

I have known Peter Rouse and his company since the late 1990's.

Rouse Resources have conducted a number of executive search activities on behalf of our company including the successful appointment of our Director of Human Resources.

As such I have no hesitation in providing a very positive reference for Rouse Resources Inc. I am always impressed by the level of detail and thoroughness shown by Peter and his colleagues. Peter's relevant and precise questions on the positions being recruited for and of our organization always yield great results.

In the aforementioned Human Resources search, Rouse Resources quickly grasped the requirements of the role. Four finalist candidates were presented to us and every one of them were very employable.

It is a pleasure to work with such a fine team and I would gladly recommend Peter and his team to any company undertaking an executive search.

Best Regards,

Tom Hendren
Chief Executive Officer
