To whom it may concern;

It is an absolute pleasure to provide this reference for Rouse Resources Inc. Having had the opportunity to work directly with Peter and his team over the past few years I have been able to experience firsthand the effort that is put into understanding their client's business and the requirements of the position being hired.

Having worked with several large and small recruiting firms in the past I can honestly say Peter's passion and concern for finding the "right" candidate is second to none. Integrity, honesty, insightfulness and hard working are words that come to mind when reflecting on Peter's values and those of his team.

In our business finding talented executives who can deliver value within our portfolio companies is fundamental to both our success and the management teams we partner with. Peter has consistently proven his capability to find and recruit such talent and I look forward to his continued success.

Sincerely,

William Blackburn
