Attention: Peter Rouse

Peter,

Rouse Resources has been retained for a number of middle to senior Operations and Supply Chain searches at Parmalat Canada.

Specifically, we have engaged and successfully completed searches for Directors of Operations, Maintenance and Engineering Managers, Supply/Demand Planning Managers and Plant Managers. It has been my experience that an excellent understanding of the position needs has been matched to a very credible list of candidates leading to several successful recruitments.

Peter, it has been a pleasure working with your firm to fill key roles in our organization and I am sure we will use your services in the future.

Yours sincerely,
