To Whom It May Concern:

Re: Rouse Resources Inc.

Rouse Resources has been successfully retained on several occasions in the recruitment of middle to senior National Operations Management searches for Vincor Canada.

Peter and the entire Rouse Resources team were thorough and knowledgeable in understanding our needs and culture in their search for strong candidates. An excellent grasp of the corporate and candidate profiles were instrumental in leading to the successful recruitment and retention of several key National roles.

It has been a pleasure working with Peter and the entire Rouse organization and I look forward to our continued success together in the future.

Sincerely,

VINCOR CANADA
