Dear Peter,

We had a challenging position to fill and were looking for a business partner to assist us. Our business partner Kilmer Capital referred us to Rouse Resources as a firm they had frequently partnered with and highly appreciated their executive search service offering.

This is how our partnership started together on a very interesting mandate. I recall you advising us your firm's expertise was typically focused on strategic senior management assignments but found our Commercial Agent for the U.S.A. Mass Market a challenge worth taking.

We knew at Coalision it was a special industry and that our previous attempts had failed, and we were looking for a strong business partner to assist us in accurately profiling the role. Your team and you worked in such a professional manner that we learned a great deal about this industry, and you connected us to the right talent pool. Moreover you found us a top candidate that is now one of our great sales partners.

Thank you very much for this partnership and we would not hesitate to recommend you and your team to any company seeking a professional executive search firm to assist them in profiling their role and then finding the matching talent to fill it.

I hope to have other opportunities to partner with you and your team in the near future.

Very best,

Veronique Lemieux
Human Resources Director
