Rouse Resources Inc.
14 Prince Arthur Ave., Suite 300
Toronto, ON M5R 1A9

Attn: David Pask

David,

It is with high regard that I recommend the services of Rouse Resources to any organization in need of a professional and reliable executive search firm.

Over the course of the last two years the team at Rouse Resources has been responsible for recruiting numerous critical leadership hires to the Nestle Waters Canada team. The Rouse team always demonstrated a high degree of market knowledge and intelligence. They were thorough in their search, responsive and committed to finding qualified candidates that also possessed values consistent with our own.

It is clear that they truly work as an extension of their client's business resulting in long lasting partnerships and trusted advisors. I look forward to the opportunity of partnering with Rouse Resources again in the future.

Sincerely,

Gail Cosman
President
Nestle Waters Canada
