Dear Peter,

Thank you for your assistance with several of our key leadership recruitment searches over the past few years. I would especially like to thank you for the work your team did on our Vice President Sales – North America, Director Supply Chain, Operations Manager, Human Resources Manager and Regional Sales Manager roles.

We greatly appreciate your thorough work upfront with our executive and operations teams along with your knowledge of the job market and your connections to top candidates.

The rigorous profile process you employ helped us better define the most salient parts of the role and provided candidates with a very good level of understanding of the role. This process has also been useful in our succession planning and career development of our new hires.

Our company has worked with a number of leadership search firms over the years and we continue to be delighted with the process and outcomes of working with Rouse Resources. We are pleased with our hires through your organization and the ongoing follow-up by your firm.

We look forward to working with you again in the future!

Sincerely,

Leanne H Johnson
